

Seminar 1
Wednesday, February 15, 2012

Dr. Lou Graham

**"Maximizing Your Long Term
Restorative Success"**

Dr. Graham is an internationally recognized lecturer extensively involved in continuing education for dental professionals, focusing on incorporating current clinical advancements through "conservative dentistry." He emphasizes in his teachings the same concepts he practices: dental health diagnosis, treatment plans for medically compromised patients, conservative treatment, cosmetic dentistry, and customized approaches to periodontal care, implants and laser dentistry.

He is the founder of Dental Team Concepts a continuing education company whose philosophy and programs use contemporary, interactive formats to integrate time-proven conservative dentistry with 21st century materials and techniques.

Dr. Graham is a published author in many leading national and international dental journals. He is a member of the American Dental Association, American Academy of Cosmetic Dentistry, Academy of General Dentistry, Chicago Dental Society and Illinois Dental Association.

Dr. Graham is a graduate of Emory Dental School. He is the former Dental Director of the University of Chicago's Department of Dentistry. He enjoys providing dental care at his private practice, University Dental Professionals, in Chicago, IL – Hyde Park.

Seminar 2
Wednesday, March 21, 2012

Dr. Larry Sangrik

**"Nitrous Oxide and Oral Sedation
in the Dental Practice"**

Dr. Larry J. Sangrik, D.D.S. is a 1979 graduate of The Ohio State University College of Dentistry. He completed the intravenous sedation program at Miami Valley Hospital of Dayton, Ohio and the comprehensive externship at Midwest Implant Institute. Having volunteered on the Chardon Fire/Rescue Department, he has personally managed most medical crises, from childbirth to open heart massage.

Active in organized dentistry, Dr. Sangrik has long held numerous positions at the local and state levels. He also has served as a consultant to the Ohio State Dental Board on a task force concerning the use of oral sedation.

Since 1999 Dr. Sangrik is well-known dental CE lecturer. His lecture topics include preparing for medical emergencies in the dental office, the science of dental fear, patient monitoring and nitrous oxide sedation. He has been a featured speaker at the American Dental Association Annual Session, the Hinman Dental Meeting of Atlanta, the Yankee Dental Congress, the Chicago Midwinter Meeting, the Rocky Mountain Dental Convention and the dental schools of the University of Mississippi, Creighton University and Virginia Commonwealth University. Additionally, he had addressed numerous state or regional dental conventions. He also has written for *Dentistry Today* and various other dental publications on the topics of medical emergencies and dental fear.

Seminar 3
Wednesday, April 18, 2012

**Dr. James Wilke
from Paragon**

**"Practice Transition for the
Buyer, Seller and Mergers"**

James J. Wilke, D.D.S., Director of Continuing Education — With over 28 years as a practicing dentist and 10 years as a Senior Transition Consultant with Paragon Dental Practice Transitions, Dr. Wilke offers real-life experience from both sides of the chair. From 2002 to 2010, he successfully transitioned nearly 80 practices for Paragon, using a wide array of transition options. Dr. Wilke now has the pleasure of sharing his vast personal/corporate experience in dental transitions with you in these seminar settings. Interested practitioners looking to transition out of their respective offices, learn about merger opportunities to grow their existing practices, or looking for a new co-owner, will have the expertise of Dr. Wilke at their fingertips. Alternatively, he also educates and talks with buyers who are trying to understand the nuances of purchasing, and then running their own dental practices. Dr. Wilke is a 1973 graduate of the University of Michigan, School of Dentistry.

Draft
